

Lander Junior Rifle Club Foundation

431 W Main St. Lander, WY 82520

The Lander Junior Rifle Club Foundation is a 501(c)3 qualified corporation established in 2002 to promote national and international shooting sports by making funds available to take Lander Junior Rifle Club athletes to high level matches and educational clinics and to bring high level trainers to this area to present educational programs.

The Lander Junior Rifle Club Foundation is governed by bylaws, and a board of directors which is self-perpetuating.

It is the intention of the Lander Junior Rifle Club Foundation to establish an endowment fund with the Wyoming Community Foundation when money becomes available, so that prospective donors will have the option to make donations that may be used immediately or where only 5% of the earnings on the money will be available annually to the Lander Junior Rifle Club foundation. Eventually, we also wish to establish a scholarship fund to help local athletes continue with both their education and shooting at the college level.

We ask that you consider the Lander Junior Rifle Club Foundation in making your annual and testamentary giving plans in the future.

Contact any of the directors: Dudley Irvine, Doug Lemm, or Pat McCoy for more information.

Gifts received by the Lander Junior Rifle Club Foundation are tax deductible to the extent allowed by law.

Respectfully,

Pat McCoy, Secretary
