Thank you for joining in the 2009 postal. I trust you enjoyed having some practice to keep the hand/eye/trigger coordination from gathering winter rust. I'll be looking to see reports with you names in the USA Shooting Sports. Some of the shooters braved the outdoors and ran into unusual conditions; some had illness disrupt normal activities and others in AK had to fight with a volcano!! Who'd have guessed a postal being interfered with a big blow out of ashes. Awards will be sent to winners.

It is again time to move outdoors for the battle against the little steel critters. I wish you a successful year and hope to be able to rub elbows with you at a match or two.

Best wishes Roger Sebesta match director Lander Valley Sportsmen
